

89th Texas Legislature
Member Ratings

Texas House of Representatives

In rating the Texas House of Representatives, we took the 20 votes that we felt best reflected the discourse on border security in the chamber. We tried to select votes that will help make meaningful distinctions between where the various members sit on the ten legislative priorities we set out prior to the 89th session.

Where there were ties, other considerations such as bills authored and/or important debates and motions were used to determine the order. These considerations will be noted next to the members' scores. Otherwise, identical scores are listed alphabetically.

Mike Olcott (HD 60)

100

Notes:

Olcott was far and away the premier member on the issue of border security and America First immigration policy. He led the charge on quantifying the cost of illegal aliens to our state infrastructure, fighting a guest worker bill, and filed several pieces of priority legislation to require E-Verify for all employers, eliminate taxpayer handouts to illegal aliens, ending birthright citizenship abuse, and more.

Andy Hopper (HD 64)

100

Notes:

Hopper filed a bill to consolidate the Texas Border Mission under the Texas State Guard, creating a Border Protection Unit and a Special Missions Unit that could perform counter-cartel operations. This was one of our top priority bills of the session and was left pending in the State Affairs Committee after receiving a hearing.

Hopper also authored several strong amendments to House bills.

Nate Schatzline (HD 93)

100

Notes:

Schatzline authored a bill requiring sheriffs to enter into 287(g) agreements with ICE, but his strongest performance was on the Texas House floor, where he was a constant force offering amendments to strengthen legislation.

Brent Money (HD 2)

100

Notes:

Money was instrumental in laying out the problems with the Shaheen Amendment to SB 17, the Foreign Land Ownership Ban, and offering an amendment on third reading that was largely adopted in the conference committee report.

Tony Tinderholt (HD 94)

100

Notes:

Tinderholt filed a bill to reform our state's economic incentive and tax abatement programs to favor companies who hire American citizens and filed several amendments to other legislation to put Americans first.

Keresa Richardson (HD 61)

100

Notes:

Richardson filed a bill to cap foreign student enrollment at state universities, which in some cases have up to 30% of their student body made up of foreign students on visas.

Briscoe Cain (HD 128)

100

Notes:

Cain filed bills to create a state Border Protection Unit, end in-state tuition for illegal aliens, and ban hostile foreign land ownership.

Cody Vasut (HD 25)

100

Notes:

Vasut filed bills to repeal in-state tuition for illegal aliens, ban hostile foreign land ownership, and require E-Verify for all employers.

Ellen Troxclair (HD 19)

100

Notes:

Troxclair filed a bill to prevent political subdivisions from providing legal services to illegal aliens.

Don McLaughlin (HD 80)

100

Notes:

McLaughlin filed a bill to create a DPS database of illegal aliens who have committed certain violent offenses.

Benjamin Bumgarner (HD 63)

100

Notes:

Bumgarner filed a bill that would prevent illegal aliens from attending public schools unless the federal government has entered into an agreement to pay the cost of educating that person.

Trent Ashby (HD 9)

100

David Cook (HD 96)

100

Mark Dorazio (HD 122)

David Lowe (HD 91)

100

J.M. Lozano (HD 43)

100

Matt Morgan (HD 26)

100

Dennis Paul (HD 129)

100

Katrina Pierson (HD 33)

100

Mike Schofield (HD 132)

100

Alan Schoolcraft (HD 44)

100

Joanne Shofner (HD 11)

100

Shelby Slawson (HD 59)

100

Valoree Swanson (HD 150)

100

Steve Toth (HD 15)

100

Wes Virdell (HD 53)

100

Shelley Luther (HD 62)

95

Notes:

Luther filed a bill to place a state tax on remittances to foreign nations, which was one of our legislative priorities this session.

Janis Holt (HD 18)

95

Notes:

Holt's district includes the Colony Ridge development in Liberty County that has come under scrutiny for marketing to and housing tens of thousands of illegal aliens. She filed several bills aimed at addressing issues within the development and was instrumental in killing a bill that was written with the help of Colony Ridge's lawyer to loosen lending regulations.

Terri Leo-Wilson (HD 23)

95

Notes:

Leo Wilson filed what we believed was the strongest repeal of in-state tuition for illegal aliens in the Texas House. She also filed a hostile foreign land ban and a bill to expand DNA testing by DPS at the Texas-Mexico border in order to combat human trafficking.

Mitch Little (HD 65)

95

Daniel Alders (HD 6)

95

Carrie Isaac (HD 73)

95

Marc LaHood (HD 121)

95

Will Metcalf (HD 16)

95

Tom Oliverson (HD 130)

95

AJ Louderback (HD 30)

94

Notes:

Louderback is one member for whom the score alone does not tell the whole story. He filed a universal E-Verify bill and was a tireless advocate for requiring participation in the 287(g) program for county sheriffs, including playing a pivotal role in expanding the applicability of SB 8 on the Texas House floor.

Paul Dyson (HD 14)

90

Gary Gates (HD 28)

90

Richard Hayes (HD 57)

90

Lacey Hull (HD 138)

90

Todd Hunter (HD 32)

90

John McQueeney (HD 97)

90

Cole Hefner (HD 5)

89

Notes:

Hefner shined on the issue of addressing foreign threats to our state's sovereignty and security. He worked closely with experts and the grassroots to strengthen the language on his hostile foreign land ban, HB 17. This language was ultimately amended into its companion SB 17, which was signed into law by Gov. Abbott.

Cody Harris (HD 8)

88

David Spiller (HD 68)

85

Notes:

Spiller filed a bill that would have required ICE 287(g) participation for all law enforcement entities in the state, by far the most expansive proposal on the subject this session.

He also proposed an amendment expanded the scope of SB 8, the 287(g) bill that was ultimately signed into law by Gov. Abbott.

Charles Cunningham (HD 127)

85

Pat Curry (HD 56)

85

Mano DeAyala (HD 133)

85

James Frank (HD 69)

Stan Gerdes (HD 17)

85

Jeff Leach (HD 85)

85

John Smithee (HD 86)

85

Trey Wharton (HD 12)

85

Terry Wilson (HD 20)

85

Notes:

Wilson in his role as Chairman of the Committee on Higher Education posted a committee substitute to Rep. Vasut's repeal of in-state tuition for illegal aliens on the committee website several days prior to the committee hearing. This was an unprecedented level of transparency that we greatly appreciated, and we believe this should become standard practice.

Caroline Fairley (HD 87)

Angelina Orr (HD 13)

80

Jared Patterson (HD 106)

80

Matt Shaheen (HD 66)

80

Notes:

Shaheen, along with Rep. Button, proposed an amendment to SB 17 that would have significantly weakened the ban on hostile foreign land ownership had the language not been later removed in the conference committee report.

Notes:

Button, along with Rep. Shaheen, proposed an amendment to SB 17 that would have significantly weakened the ban on hostile foreign land ownership had the language not been later removed in the conference committee report.

She also opposed an amendment to enhance citizenship requirements in her proposed economic incentive program (HB 1268).

Ken King (HD 88)

70

Notes:

King, in his role as Chairman of the House Committee on State Affairs, refused to hold a hearing on any bill that would require E-Verify for private employers, including SB 324 by Sen. Kolkhorst, which passed the Texas Senate on April 30th.

Unfortunately, this was a pattern with several of our priority bills that were referred to his committee.

Explanation of Rated Votes

Election for the Speaker of the Texas House of Representatives (RV #3)

Position: Rep. David Cook

Result: Rep. Dustin Burrows

Perhaps more than any other vote, the election of the Speaker sets the tone for the session, and this session was no exception. Rep. David Cook won the endorsement of the Texas House Republican Caucus and committed to a set of reforms to change the way the Texas House performs its legislative tasks. Most notably, priority legislation of the majority party would be the first to move through the committee process.

This session, countless bills that were legislative priorities for Texans for Strong Borders and the Republican Party of Texas (the majority party in the chamber) died in committee, most without so much as a hearing. The Speaker is responsible for making committee assignments, and several of these committees, most notably the Committee on State Affairs, were made up of members who score quite low on our legislative ratings, and have historically not been strong advocates of border security or America First policies on immigration, citizenship, and sovereignty.

The winner of this election, Speaker Dustin Burrows, made no such commitments, and unfortunately many of his committee chairs sat on priority legislation for months. State Affairs Committee Chairman Ken King, for example, held multiple bills on requiring E-Verify for all employers, an issue supported by over 90% of his Republican Primary voters last March, in committee without a hearing, including SB 324 by Sen. Lois Kolkhorst, which passed the Texas Senate in April.

Leadership sets the tone, and despite two landmark bills we supported passing the Texas House, many more died in committees appointed by the Speaker.

To clarify, this vote will not always be scored in future sessions, but it is clear that the session's failure to move key legislation was directly downstream of several key committee chairmanships, and so this session it is key to understanding how the various members of the Texas House performed.

SB 1 Amendment by Rep. Martinez Fischer to Motion to Instruct (RV #170)

Position: Against

Result: Fails of Adoption

Rep. Martinez Fischer offered an amendment to Rep. Olcott's Motion to Instruct on SB 1 (explained below), the state budget, to instruct the House budget conferees to support moving Amendment No. 59 by Rep. L. Garcia from Article XI (where it would not likely be funded) to Article I. 64 members recorded a "no" vote on this Amendment during consideration of SB 1.

Amendment No. 59 sought to commission a study on the Economic Impact of Immigration to the State. However, it only explicitly included the impact on the workforce, tax contributions, and consumer spending.

This is a plainly one-sided study of the impact of immigration. It does not study the increased cost of goods such as housing and health care due to increased demand, the cost of providing government services and subsidies, etc. It also makes no distinction between legal and illegal immigration.

Despite Rep. Martinez Fischer's insistence on the floor that this was only fair, Rep. Olcott's amendment contained in his motion to instruct was much more narrowly tailored to only a few categories of spending on illegal aliens residing in Texas.

SB 1 Motion to Instruct by Rep. Olcott (RV #171)

Position: For

Result: Prevails

Rep. Olcott offered a Motion to Instruct House budget conferees to support Amendments Nos. 253 and 315 and move them from Article XI (a glorified wish-list) to Articles II and V, respectively.

Amendment No. 253 would task the Texas Health and Human Services Commission to report on the cost and impact of providing uncompensated care to persons who are not United States citizens or legal permanent residents at the time of care.

This would deliver a comprehensive view of the cost of illegal aliens and temporary visa holders to our state health system.

This data would be extremely useful for developing and advancing policy solutions to the massive burden that uncompensated care of foreign nationals adds to our already-challenged health care systems.

Under an Executive Order issued by Gov. Abbott, Texas HHSC is required to issue a monthly report on the cost of uncompensated health care for illegal aliens. This amendment would codify this Executive Order in the state budget.

HB 1268 Amendment 1 by Rep. Tinderholt (RV #205)

Position: For

Result: Fails of Adoption (would have passed with Journal Statements included)

HB 1268 by Rep. Button sought to create a Texas Technology and Innovation Program to foster job creation and economic development in cutting-edge industries by matching or supplementing money received through a federal funding program.

Rep. Tinderholt's amendment would require that at least 75% of the employees at businesses receiving these funds must be United States citizens (up from the 50% required for the federal program) and that any company receiving funds must disclose employee citizenship data including the percentage of employees who are United States citizens and the current immigration status of any employees who are not United States citizens.

This should not have been controversial. If the State is going to provide taxpayer dollars to private businesses to fund job creation, those jobs should go to United States citizens first. It would add insult to injury to have Texans who are already struggling have their taxes spent on the importation of foreign labor into their communities.

Unfortunately, because Rep. Button opposed this amendment, the vote failed, but several members quickly issued journal statements supporting Rep. Tinderholt's

amendment. If these journal statements had been included in the original vote, the bill would have passed.

HB 1268 and its companion bill SB 209 by Sen. Royce West did not ultimately pass into law.

HB 1268 Amendment 2 by Rep. Schatzline (RV #206)

Position: For

Result: Amended

Rep. Schatzline's amendment would require entities funded under the proposed Texas Innovation and Technology Program to participate in the federal E-Verify program to ensure that all new hires are eligible for employment in the United States.

This amendment is also common sense. If the State is going to provide taxpayer dollars to private businesses, it should ensure that these businesses' hiring practices are being conducted in accordance with federal law. Taxpayer dollars should not be used to

Rep. Button supported this amendment, and it passed with 89 votes.

HB 1268 and its companion bill SB 209 by Sen. Royce West did not ultimately pass into law.

SB 17 Amendment 4 by Reps. Shaheen and Button (RV #1848)

Position: Against

Result: Amended

SB 17 by Sen. Kolkhorst was the landmark ban on hostile foreign land ownership from Director of National Intelligence (DNI) designated countries, including China, Iran, North Korea, and Russia.

Rep. Shaheen's amendment changed the scope of the ban to only include citizens of designated countries who were unlawfully present in the United States.

This amendment would significantly shrink the class of foreign nationals subject to the ban on land ownership, including the vast majority of those who are conducting espionage while they are in the United States. For example, the Chinese Communist Party is known to exploit our student visa program to conduct espionage and even intellectual property theft.

With this amendment, any foreign national from a designated country who is lawfully present in the United States for any length of time would be able to purchase real property of any kind in Texas.

This amendment unfortunately passed with only 19 votes against, but 17 more members issued journal statements indicating a “no” vote. After the amendment offered by Rep. Money on third reading (see below) received over 80 votes, this language was removed from the conference committee report by the House and Senate conferees.

We decided to score both Amendment 4 on second reading and Amendment 2 on third reading to give credit to the members who wisely opposed this amendment, which would have significantly hampered the effectiveness of this legislation had it passed into law.

SB 17 Amendment 6 by Rep. Little (RV #1850)

Position: For

Result: Amended

Rep. Little’s amendment would reduce the lease term permitted under SB 17’s hostile foreign land ownership ban from 100 years to 1 year.

This amendment corrected a necessary loophole in the ban wherein a person or entity with ties to hostile foreign governments could acquire control of land for up to a century, which would have, in effect, a similar potential for espionage or other forms of foul play as ownership.

A one-year lease ensures that legitimate visa holders from designated countries can acquire housing but would not be able to acquire the exclusive use of real property for a long period of time, reducing potential harm by bad actors.

SB 17 Amendment 9 by Rep. Little (RV #1853)

Position: For

Result: Amended

Rep. Little’s amendment sought to strengthen the ban on hostile foreign land ownership that had been weakened by Rep. Shaheen’s amendment by extending it to any member of the ruling political party of a DNI designated country or its political subdivisions.

SB 17 Amendment 14 by Rep. Schatzline (RV #1859)

Position: For

Result: Amended

Rep. Schatzline's amendment adds a section from the House companion to SB 17, HB 17, which would allow the Governor to add and remove additional countries to the list of designated countries covered by the hostile foreign ownership ban after consultation with the Texas Homeland Security Council.

The purpose of this language is to allow the Governor to respond to emerging threats to national and state security faster than the annual DNI report could be issued.

SB 17 Amendment 15 by Rep. Money (RV #1860)

Position: For

Result: Amended

Rep. Money's amendment adds the criminal and financial penalties for violations of the hostile foreign land ban that were originally included in HB 17, the companion bill to SB 17.

As passed by the Texas Senate, SB 17 would have returned any proceeds from sale of properties divested from hostile foreign owners back to the owners. In our testimony before the Texas Senate Committee on State Affairs, we pointed out that hostile foreign actors would consider this simply the cost of doing business.

As amended, violations of the ban would result in a State Jail Felony and a financial penalty of the larger of \$250,000 or 50% of the sales price. We feel that this is an appropriate deterrent.

SB 17 by Sen. Kolkhorst on Second Reading (RV #1861)

Position: For

Result: Passes to Engrossment

This bill was the landmark ban on hostile foreign land ownership, an issue that had been talked about since SB 147 from the 88th Session died in the House Committee on State Affairs without a hearing after passing the Texas Senate on a bipartisan vote. This issue was also one of our ten 89th Session Legislative Priorities we issued at the beginning of the year.

Two years later, both the House and the Senate came into the session awarding measures to ban hostile foreign land ownership with priority status.

Although SB 17 was weakened in scope by the Shaheen amendment, the subsequent strengthening amendments and the prospect of strengthening the bill in conference committee made this bill worthy of passage on second reading.

Ultimately, the bill that Gov. Abbott signed into law was among the strongest state bans on hostile foreign land ownership in the nation.

SB 17 Amendment 2 on Third Reading by Rep. Money (RV #1879)

Position: For

Result: Amendment Fails of Adoption

Rep. Money's amendment sought to repeal the language added in Rep. Shaheen's amendment on second reading. In his presentation, Rep. Money laid out how this amendment materially weakened the ban on hostile foreign land ownership, and he claimed that he thought many who voted for the Rep. Shaheen's amendment did not completely understand what they were voting for, a claim bolstered by an unusual number of journal statements issued by members following the vote the previous evening.

Because amendments require 100 votes on third reading, this was doomed to fail from the outset, but the fact that the amendment received 84 votes, including every voting

Republican member except for Rep. Shaheen and Rep. Button, sent a clear message to House and Senate conferees that this language should be removed from the final bill.

Indeed, the conference committee report removed the language from Rep. Shaheen's amendment, and Rep. Money's efforts ultimately resulted in a more comprehensive ban on hostile foreign land ownership being signed into law by Gov. Abbott.

SJR 37 by Sen. Birdwell Third Reading (RV #2196)

Position: For

Result: Passes

SJR 37 proposes a constitutional amendment clarifying that only U.S. citizens are eligible to vote, even in local elections.

The last few years have been marked by efforts across our nation's metropolitan centers to extend the franchise to some degree (typically in local elections) to non-citizens.

In order to remove all doubt that only citizens are eligible to vote in Texas, Sen. Birdwell authored SJR 37, which ultimately passed the House and Senate and will be decided upon by the voters this November.

This is a rather obvious vote, and protects the concept of popular sovereignty, the basis of the legitimate exercise of power by our government. Any efforts to erode citizenship and to extend the rights and privileges thereof to foreign subjects must therefore be opposed at every turn.

HB 2858 by Reps. R. Lopez and Darby Second Reading (RV #2198)

Position: Against

Result: Fails

HB 2858 sought to create a state-sponsored work visa program that would task the governor with requesting a waiver to negotiate and enter into agreements with governors of the various Mexican states to create a temporary guest worker program to fill jobs identified by the Texas Workforce Commission.

That this bill reached the floor before any significant border security or immigration enforcement legislation is an indictment on the leadership in the Texas House. This bill

was given a hearing by State Affairs Chairman Ken King while other key legislation, including a universal E-Verify bill, died without a hearing.

Our position is simple: we oppose any new proposed work visa program before our border is fully secured and the millions of illegal aliens residing in the United States are returned home.

Domestic employment has only this year recovered to pre-pandemic levels, according to data from Bureau of Labor Statistics Community Survey, and we still have a near-record number of working-age men out of the workforce.

We strongly opposed this legislation and celebrated its demise on the floor of the Texas House.

SB 243 Motion to Table Rep. Hopper Amendment 2 by Rep. Bernal (RV #3160)

Position: Against

Result: Amendment Tabled

SB 243 by Sen. Flores sought to significantly strengthen regulation of migrant labor housing facilities utilized for seasonal agricultural workers. It also created a penalty not only for violations of facility standards, but if a worker residing in these facilities was not authorized to work in the United States on an H-2A visa.

Rep. Hopper's amendments would give the Texas Attorney General the power to initiate an action to collect this civil penalty without a request from the Texas Department of Housing and Community Affairs.

This language would allow for additional oversight of migrant housing facilities by a statewide elected official rather than leaving the initiation of such proceedings in the hands of unelected bureaucrats.

SB 243 ultimately passed the Texas House and was filed without Gov. Abbott's signature. It is effective September 1st of this year.

SB 243 Motion to Table Rep. Hopper Amendment 3 by Rep. Bernal (RV #3161)

Position: Against

Result: Amendment Tabled

Rep. Hopper's amendment would have appropriated proceeds from fines for violations of the bill's migrant housing facility regulations to "support border security efforts through the Local Border Security Program or the Operation Lone Star Grant Program."

Since this bill created a penalty for migrant housing facilities housing alien laborers who were not authorized to work under the H-2A visa program (such as illegal aliens and aliens committing visa fraud, such as aliens on tourist visas illegally obtaining employment), we believe that this is a fitting way to direct these funds.

SB 8 Amendment 1 by Reps. Spiller and Louderback (RV #3475)

Position: For

Result: Passes

Reps. Spiller and Louderback introduced a floor amendment to substitute a substantially different version of SB 8, which would require certain county sheriff departments to enter into ICE 287(g) requirements with the U.S. Department of Homeland Security.

As passed by the Texas Senate, only counties with over 100,000 population would be covered by this requirement, but this amendment would extend the requirement to all county sheriffs who operate or contract a jail (currently 234 of the 254 Texas counties).

The amendment also reworked the way in which the state provided funds to defray the costs of implementation to counties, including the introduction of a reimbursement program.

Requiring 287(g) participation for all law enforcement entities in the state was a legislative priority of ours this session, and this expansion of the scope of SB 8 was a significant improvement from the Senate version. The only potential weakness of this

version was that the grant/reimbursement program could only be applied toward the Warrant Service Officer (WSO) model of the 287(g) program, which is considered to be the least comprehensive of the three currently offered by ICE. Any other models would have to be funded out of county funds or federal grant programs.

SB 8 by Sen. Schwertner on Second Reading (RV #3476)

Position: For

Result: Passes

SB 8, as amended in the Texas House, would require the sheriff of each county that operates or contracts a jail (currently 234 of the 254 Texas counties) to enter into an ICE 287(g) Delegation of Immigration Authority agreement with the U.S. Department of Homeland Security.

This agreement, if agreed to by the federal government, would grant limited federal immigration authority to designated and trained officials, under the supervision of federal immigration officials.

The Trump administration has stated that local and state law enforcement participation is vital to enforcing our nation's immigration laws through mass deportations of illegal aliens, and we wholeheartedly agree.

Requiring all Texas law enforcement entities to participate in the ICE 287(g) program was one of our ten legislative priorities this session, and this bill goes a long way towards accomplishing that goal.

SJR 1 by Sen. Huffman Third Reading (RV #3944)

Position: For

Result: Fails

SJR 1 proposed a constitutional amendment that would require denial of bail (after a probable cause hearing) to an illegal alien accused of committing crimes such as murder, human trafficking, sexual assault, aggravated robbery, or other serious offenses.

Illegal aliens who have committed serious crimes, including the accused murderers of Jocelyn Nungary, have not been denied bail despite their immigration status constituting an obvious flight risk.

This is a constitutional amendment that would address a pressing need for the safety of our citizens.

SB 8 Adoption of Conference Committee Report (RV #4130)

Position: For

Result: Passes

After the passage of SB 8 through the Texas House, bill author Sen. Schwertner moved not to accept the House amendments to the bill.

The conference committee increased the amount of the state grant to counties and eliminated the House reimbursement in order to prevent abuse of this program by counties performing the bare minimum compliance with the law after initial approval.

Importantly, the grant program in the conference committee report is available for all models of the 287(g) program, not just the Warrant Service Officer (WSO) model.

The conference committee report kept the wide applicability of the House version. All in all, this is an extremely strong step that will, with proper follow-through, greatly enhance our state's participation in internal immigration enforcement which is sorely needed after more than 10 million nationwide border encounters since January 2021.

Texas Senate

Unfortunately, the select votes on border security, immigration enforcement, and sovereignty issues in the Texas Senate did not provide significant insight into the differences between members of the same party. Thus, this session we declined to issue numerical member ratings for the upper chamber.

We have opted to instead highlight several members who we felt performed a cut above the rest through filing and advocating for policies in conformance with our 89th Session Legislative Priorities. These members are listed alphabetically.

We also laid out several priority bills and which members offered public statements of support in favor of these bills through votes and/or authorship.

Brandon Creighton (SD 4)

Notes:

Creighton filed a bill to enhance our state's ability to acquire land for the purpose of building additional miles of border wall, but his most important contribution this session was his decision as Chairman of the Committee on Education K-16 to hold a hearing on SB 1798, a comprehensive repeal of in-state tuition and certain financial aid for illegal aliens.

Lois Kolkhorst (SD 18)

Notes:

Kolkhorst managed to guide SB 324, a universal E-Verify Bill, to final passage in the Texas Senate. This feat alone would be enough to highlight her work this session, but she was also the author of SB 17, the ban on hostile foreign land ownership that passed into law.

She was also a co-author on SB 1798, the repeal of in-state tuition for illegal aliens.

Mayes Middleton (SD 11)

Notes:

Middleton filed SB 1798, a comprehensive repeal of in-state tuition and certain financial aid for illegal aliens.

He also managed to pass SB 825, which would commission a statewide study of the impacts of illegal immigration in Texas, through the Senate.

Charles Schwertner (SD 5)

Notes:

Schwertner filed SB 8, the 287(g) bill that later passed into law. He was also a joint author on SB 1798, a comprehensive repeal of in-state tuition and certain financial aid for illegal aliens.

Schwertner also held a hearing as Chairman of the Committee on Business & Commerce on SB 324, a universal E-Verify bill that he later signed onto as a co-author.

Explanation of Key Texas Senate Bills

SB 8 by Schwertner – Requiring ICE 287(g) Agreements for Sheriffs

Position: For

Result: Signed into Law, Effective 1/1/26

SB 8 as passed by the Texas Senate would have required all Texas sheriffs in counties with a population over 100,000 to enter into ICE 287(g) Delegation of Immigration Authority agreements with the U.S. Department of Homeland Security.

Because of the limited number of ICE officers (even after the passage of the One Big Beautiful Bill on the federal level), the participation of local and state police in interior immigration enforcement is key to undoing the damage done by the Biden administration, under whom more than 10 million illegal and unauthorized aliens entered the United States.

This bill was widened in applicability by the Texas House and further strengthened by the conference committee.

SB 17 by Kolkhorst – Hostile Foreign Land Ownership Ban

Position: For

Result: Signed into Law, Effective 9/1/25

SB 17 would ban citizens of countries identified by the Director of National Intelligence (DNI) National Threat Assessment who are currently domiciled in that country from acquiring real property in the United States. Currently, these countries would include China, Iran, North Korea, and Russia.

SB 17 had several strengthening amendments added in the Texas House but was also weakened by the amendment introduced by Rep. Shaheen (discussed above).

Thankfully, the latter amendment was removed in the conference committee report.

The version of SB 17 that was signed into law last month by Gov. Abbott is among the strongest state bans on hostile foreign land ownership in the nation.

SB 324 by Kolkhorst – Universal E-Verify

Position: For

Result: Passed Senate, Died in House State Affairs without a Hearing

Experts agree that the prospect of gainful employment is the number one pull factor driving illegal immigration into the United States. To address this, Sen. Kolkhorst filed SB 324, which would require participation in the E-Verify system for every employer in the state.

E-Verify is a free federal system administered by the U.S. Department of Homeland Security (DHS) that employers can utilize to ensure that new hires are eligible to work in the United States. Originally established in 1996, it is currently required for all federal agencies and federal contractors. In Texas, all state agencies and contractors are required to participate.

According to a study released by the Federal Reserve Bank of Dallas, E-Verify laws for private employers in other states have yielded up to an 80% reduction in illegal labor, making it among the most powerful tools for immigration enforcement available to policymakers.

For these reasons, we supported SB 324.

After passing the Texas Senate on April 30th, the bill was referred to the House Committee on State Affairs, where it sat without a hearing until the deadline for the Texas House to pass Senate bills had passed.

SB 1798 by Middleton – Repealing In-State Tuition for Illegal Aliens

Position: For

Result: Died on Senate Intent Calendar

In 2001, Texas became the first state in the nation to offer in-state tuition to illegal aliens. Since then, the number of illegal aliens enrolled in Texas colleges and universities has ballooned to over 56,000, according to the Higher Ed Immigration Portal, and data from the Texas Higher Education Coordinating Board puts the annual cost to taxpayers at over \$100M.

SB 1798 would end this practice, along with state dollars being used to provide financial aid to illegal aliens. It was given a public hearing in the Texas Senate Committee on Education K-16 on April 22nd but was not voted out of committee until May 6th.

Curiously, the committee report was delayed for an additional 8 days until May 14th.

It was placed on the intent calendar for consideration by the full Senate on May 16th, but it was not given a vote, which is usually a sign that a measure does not have the votes to pass on the Senate floor.

Joint Author: Schwertner

Co-Authors: Campbell, Hagenbuch, Hall, Huffman, Hughes, King, Kolkhorst

Voted in Favor in Education K-16 Committee: Creighton, Campbell, Bettencourt, Hagenbuch, A. Hinojosa, King, Middleton, Parker, Paxton
